Warfighter Training Support Package (WTSP)

Monitor Casualty Reporting

WTSP Instruction Document

Condition: The sustainment command is deployed to or providing support to designated forces within a specified area. The supported command's operations order (OPORD)/deployment order directs the sustainment command to coordinate casualty reporting for specified forces during the deployment on an area basis. The Human Resources Operations Branch (HROB), within the Civil support operations section has staff responsibility to monitor casualty operations activities required for deployed units/elements. The commander issues planning guidance to provide HR to units within the specified area to facilitate their mission accomplishment. Unit Standing Operating Procedures (SOPs) are available in hard copy and/or digital formats. The element has appropriate connectivity to both Nonsecure Internet Protocol Router (NIPR) and Secret Internet Protocol Router (SIPR) Networks and access to all necessary automated personnel systems. Technical guidance is received from the Human Resources Sustainment Center (HRSC). Communications are established with subordinate and adjacent units, and higher headquarters. Command and Control Information Systems are operational and passing information in accordance with Tactical Standing Operating Procedures. Threat capabilities include information gathering, hostile force sympathizers, and provide support for domestic a chemical, biological, radiological, nuclear and high yield explosives (CBRNE) incidents. Some iterations of this task should be performed in MOPP4.

Standard: Ensure Casualty Liaison Teams (CLTs) are established at specified Medical Treatment Facilities (MTF), Mortuary Affairs Collection Points (MACP), division/corps G1s and equivalent general officer commands. Ensure CLTs have required communications equipment and establish communications with platoon headquarters, supported units, and Casualty Operations Division (COD), HRSC. Verify CLTs are providing changes in patients' status to their assigned unit. Verify CLTs are assisting casualty patients with military pay, mail, MWR activities, and other authorized personal administrative support, as required.
