

113-608-6005
Brief a Signal Situation
Status: Approved

Distribution Restriction: Approved for public release; distribution is unlimited.

Destruction Notice: None

Foreign Disclosure: FD1 - This training product has been reviewed by the training developers in coordination with the US Army Cyber COE & FG foreign disclosure officer. This training product can be used to instruct international military students from all approved countries without restrictions.

Condition: Given the requirement(s) to brief your signal network, a system status report, situational map, reference materials, and FM 101-5. Some iterations of this task should be performed in MOPP 4.

Standard: Met when the signal situation has been clearly, concisely, and logically presented IAW FM 101-5.

Special Condition: None

Safety Risk: Low

MOPP 4: Sometimes

Task Statements

Cue: None

DANGER
None

WARNING
None

CAUTION
None

Remarks: None

Notes: None

Performance Steps

1. Introduce yourself and identify your network or assemblage IAW the OPORD requirements from the Signal Annex.
 - a. Properly address members of the audience.
 - b. Describe the mission and how the network or assemblage is supporting the mission.
2. Describe your site responsibility and supported units communications needs IAW the OPORD requirements from the Signal Annex.
3. Display and brief your network diagram IAW the OPORD requirements from the Signal Annex.
4. Identify any pertinent/key issues in relation to the site, network, and personnel IAW the OPORD requirements from the Signal Annex.
5. Describe in detail issues that were resolved that may assist in future Site planning IAW the OPORD requirements from the Signal Annex.
6. Answer any questions posed about your brief.

(Asterisks indicates a leader performance step.)

Evaluation Guidance: Score the Soldier a GO if all PMs are passed. Score the Soldier a NO-GO if any PM is failed. If the Soldier fails any PM, show what was done wrong and how to do it correctly. Have the Soldier perform the PMs until they are done correctly.

Evaluation Preparation: Provide the Soldier with all material and equipment listed in the condition statement.

PERFORMANCE MEASURES	GO	NO-GO	N/A
1. Introduced themselves and correctly identified their network and/or assemblage IAW the OPORD requirements from the Signal Annex.			
2. Described site responsibility and supported units communications needs IAW the OPORD requirements from the Signal Annex.			
3. Displayed and briefed the network diagram IAW the OPORD requirements from the Signal Annex.			
4. Identified pertinent/key issues in relation to the site, network, and personnel IAW the OPORD requirements from the Signal Annex.			
5. Described in detail all issues that were resolved that may assist in future site planning IAW the OPORD requirements from the Signal Annex.			
6. Answered any questions posed about your brief.

	ADRP 5-0	The Operations Process	No	No
	ATTP 5-0.1 (Superseded by FM 6-0, 5 MAY 2014)	Superseded by FM 6-0, 5 MAY 2014	No	No

TADSS : None

Equipment Items (LIN): None

Material Items (NSN) :

Step ID	NSN	LIN	Title	Qty
No materiel items specified				

Environment: Environmental protection is not just the law but the right thing to do. It is a continual process and starts with deliberate planning. Always be alert to ways to protect our environment during training and missions. In doing so, you will contribute to the sustainment of our training resources while protecting people and the environment from harmful effects. Refer to the current Environmental Considerations manual and the current GTA Environmental-related Risk Assessment card. Environmental protection is not just the law but the right thing to do. It is a continual process and starts with deliberate planning. Always be alert to ways to protect our environment during training and missions. In doing so you will contribute to the sustainment of our training resources while protecting people and the environment from harmful effects.

Safety: In a training environment, leaders must perform a risk assessment in accordance with ATP 5-19, Risk Management. Leaders will complete the current Deliberate Risk Assessment Worksheet in accordance with the TRADOC Safety Officer during the planning and completion of each task and sub-task by assessing mission, enemy, terrain and weather, troops and support available-time available and civil considerations, (METT-TC). Note: During MOPP training, leaders must ensure personnel are monitored for potential heat injury. Local policies and procedures must be followed during times of increased heat category in order to avoid heat related injury. Consider the MOPP work/rest cycles and water replacement guidelines IAW FM 3-11.4, Multiservice Tactics, Techniques, and Procedures for Nuclear, Biological, and Chemical (NBC) Protection, FM 3-11.5, Multiservice Tactics, Techniques, and Procedures for Chemical, Biological, Radiological, and Nuclear Decontamination. Everyone is responsible for safety. A thorough risk assessment must be completed prior to every mission or operation.

Prerequisite Individual Tasks : None

Supporting Individual Tasks : None

Supported Individual Tasks : None

Supported Collective Tasks :

Task Number	Title	Proponent	Status
11-6-7279	Operate a Joint Network Operations (NETOPS) Control Center (JNCC) [SC(T)/Strat Sig Bde]	11 - Signal (Collective)	Approved
11-6-7108	Conduct Signal Battalion Network Operations (NETOPS) (Sig Bn S3)	11 - Signal (Collective)	Approved
11-6-9010	Conduct Network Operations (SCT/TTSB/TOBSSB)	11 - Signal (Collective)	Approved
11-6-7300	Conduct Signal Company Operations Section Activities (Strat Sig Co)	11 - Signal (Collective)	Approved
11-5-7134(Step: 3.)	Establish the Automatic Telephone Switching Facility AN/TTC-56 Single Shelter Switch (SSS)	11 - Signal (Collective)	Approved
11-5-7134(Step: 2.)	Establish the Automatic Telephone Switching Facility AN/TTC-56 Single Shelter Switch (SSS)	11 - Signal (Collective)	Approved
11-5-7134(Step: 1.)	Establish the Automatic Telephone Switching Facility AN/TTC-56 Single Shelter Switch (SSS)	11 - Signal (Collective)	Approved
