

Summary Report for Individual Task
699-000-8030
Engage Targets in a Snow Covered Environment
Status: Approved

Distribution Restriction: Approved for public release; distribution is unlimited.

Destruction Notice: None

Foreign Disclosure: FD1 - This training product has been reviewed by the training developers in coordination with the Northern Warfare Training Center FT Wainwright AK foreign disclosure officer. This training product can be used to instruct international military students from all approved countries without restrictions.

Condition: In a field environment on a range given a M4 or M16, 30 rds M855 Ball, while wearing Extended Cold Weather Clothing System (ECWCS) appropriate to the temperature, fighting load carrier, ballistic helmet, over white set as needed, skis or snowshoes and ski poles. Standard MOPP 4 conditions do not exist for this task. See the MOPP 4 statement for specific conditions.

Standard: Engage targets from a standing, kneeling and prone position on skisor snowshoes. Hit 25 of 30 targets.

Special Condition: None

Safety Risk: Low

MOPP 4: N/A

Task Statements

Cue: None

DANGER

None

WARNING

None

CAUTION

None

Remarks: None

Notes: None

Performance Steps

1. Carry a weapon while using skis or snowshoes.
2. Select individual firing techniques on skis or snowshoes.
3. Select firing techniques for crew served weapons.

(Asterisks indicates a leader performance step.)

Evaluation Guidance: You will engage targets from a standing, kneeling and prone position on skis and snowshoes. This practical exercise will prepare you to move over a 10K cross country course; on the course you will engage targets from a standing, kneeling and prone position.

Evaluation Preparation: Setup: Provide the Soldier with all items listed in the conditions statement. Ensure all the required equipment and components to conduct the evaluation are present and functional prior to initiating the evaluation.

PERFORMANCE MEASURES	GO	NO-GO	N/A
1. Carried a weapon while using skis or snowshoes.			
2. Selected individual firing techniques on skis or snowshoes.			
3. Selected firing techniques for crew served weapons.

Environment: Environmental protection is not just the law but the right thing to do. It is a continual process and starts with deliberate planning. Always be alert to ways to protect our environment during training and missions. In doing so, you will contribute to the sustainment of our training resources while protecting people and the environment from harmful effects. Refer to FM 3-34.5 Environmental Considerations and GTA 05-08-002 ENVIRONMENTAL-RELATED RISK ASSESSMENT. IAW local policies.

Safety: In a training environment, leaders must perform a risk assessment in accordance with ATP 5-19, Risk Management. Leaders will complete the current Deliberate Risk Assessment Worksheet in accordance with the TRADOC Safety Officer during the planning and completion of each task and sub-task by assessing mission, enemy, terrain and weather, troops and support available-time available and civil considerations, (METT-TC). Note: During MOPP training, leaders must ensure personnel are monitored for potential heat injury. Local policies and procedures must be followed during times of increased heat category in order to avoid heat related injury. Consider the MOPP work/rest cycles and water replacement guidelines IAW FM 3-11.4, Multiservice Tactics, Techniques, and Procedures for Nuclear, Biological, and Chemical (NBC) Protection, FM 3-11.5, Multiservice Tactics, Techniques, and Procedures for Chemical, Biological, Radiological, and Nuclear Decontamination. sure that students are properly dressed and equipped prior to conduct of training. Squad leader will conduct a risk assessment with students based upon the current conditions. Squad leader will assign buddy teams to watch for cold weather injuries. Squad leader is responsible for taking breaks in warming shelters as required. Range procedures IAW Ft. Greely range Control and NWTC Range SOP are in effect.
