

ART 6.2.1.2 Plan Personnel Recovery Coordination Cell and Personnel Recovery Officers Capability

While the staff members collect PR-related information in their specialty areas, a central point for gathering the information from all the staff members is required to establish a usable operational picture. The personnel recovery coordination cells (PRCC) at the division level and personnel recovery officers at brigade and below are the fusion points for the staffs' collaborative efforts to gather PR-related information for their respective units. Personnel recovery coordination cells and officers coordinate with the individual staff members to collect, process, store, display, and disseminate this information. Personnel recovery coordination cells and officers are collectively referred to as PR cells.
