Notes: None

Performance Steps

1. Conduct a training assessment.
 - a. Review the Battalion METL.
 - b. Assess the Company METL.
 - c. Receive input from subordinate leaders.
 - d. Review previous after action reviews (AARs), current tactics, techniques, and procedures (TTPs), and trends.
 - e. Review training data in digital training management system.
2. Review training guidance.
 - a. Review AR 350-1 and USAREC Regulation 350-1.
 - b. Review USAREC, Brigade, and Battalion Annual Training Leader Development Guide.
 - c. Review previous company training guidance.
 - d. Review calendars from higher units.
3. Develop the company training plan.
 - a. Align training priorities with identified training needs.
 - b. Incorporate training guidance.
 - c. Determine training resources required.
 - d. Plan discretionary time for short suspense training requirements.
 - e. Develop near term, short range, and long-range training calendars addressing the most critically identified training indicators first.
 - f. Develop training schedules using digital training management system.
4. Execute company training plan.
 - a. Validate training resource availability (equipment, resources, doctrine, facilities).
 - b. Certify trainers for period of instruction.
 - c. Integrate risk management.
 - d. Execute training event.
 - e. Conduct an AAR.
5. Validate training input into digital training management system.

(Asterisks indicates a leader performance step.)

Evaluation Guidance: Score the Soldier GO if all performance measures are passed (P). Score the Soldier NO GO if any performance measure is failed (F). If the Soldier scores NO GO, show the Soldier what was done wrong and how to do it correctly.

Evaluation Preparation: This task may be evaluated by using the evaluation guide and/or administering the performance test. Evaluation Guide. If the task is performed on the job, use the materials listed in the CONDITIONS statement above. This task can be evaluated by using the evaluation guide.

Environment: Environmental protection is not just the law but the right thing to do. It is a continual process and starts with deliberate planning. Always be alert to ways to protect our environment during training and missions. In doing so, you will contribute to the sustainment of our training resources while protecting people and the environment from harmful effects. Refer to FM 3-34.5 Environmental Considerations and GTA 05-08-002 ENVIRONMENTAL-RELATED RISK ASSESSMENT.

Safety: In a training environment, leaders must perform a risk assessment in accordance with ATP 5-19, Risk Management. Leaders will complete the current Deliberate Risk Assessment Worksheet in accordance with the TRADOC Safety Officer during the planning and completion of each task and sub-task by assessing mission, enemy, terrain and weather, troops and support available-time available and civil considerations, (METT-TC). Note: During MOPP training, leaders must ensure personnel are monitored for potential heat injury. Local policies and procedures must be followed during times of increased heat category in order to avoid heat related injury. Consider the MOPP work/rest cycles and water replacement guidelines IAW FM 3-11.4, Multiservice Tactics, Techniques, and Procedures for Nuclear, Biological, and Chemical (NBC) Protection, FM 3-11.5, Multiservice Tactics, Techniques, and Procedures for Chemical, Biological, Radiological, and Nuclear Decontamination. "Everyone is responsible for safety. A thorough risk assessment must be completed prior to every mission or operation."
