

## ART 2.3.5 Conduct Intelligence Related Missions and Operations

The associated intelligence tasks (mission and debriefing program, intelligence coordination, technical authority, and intelligence support to personnel recovery) that facilitate the conduct of reconnaissance and surveillance. It also includes specialized missions (such as sensitive site exploitation), that provide intelligence and information outside of the traditional ISR construct. (FM 2-0) (USAICoE)

NO.	Scale	Measure
-----	-------	---------

### Supporting Collective Tasks:
