

Report Date: 12 Aug 2013

**Summary Report for Individual Task
061-000-1002
Operate a Command Post Vehicle
Status: Approved**

DISTRIBUTION RESTRICTION: Approved for public release; distribution is unlimited.

DESTRUCTION NOTICE: None

Condition: Given an operational command post vehicle, associated equipment, Technical Manual (TM) 9-2350-261-10, and TM 5-6115-596-14. Some iterations of this task should be performed in MOPP.

Standard: Operate the command post vehicle without causing injury to personnel or damage to equipment IAW procedural steps in TM 9-2350-261-10 and 5-6115-596-14.

Special Condition: None

Safety Level: Low

MOPP: Sometimes

Task Statements

Cue: None

DANGER

None

WARNING

None

CAUTION

None

Remarks: All required FA-specific technical manuals and references will be provided by the local command.

Notes: None

Performance Steps

1. Perform before operation checks and services of the command post vehicle and generator.
2. Operate the command post vehicle.
3. Perform during operation checks and services on the command post vehicle and generator.
4. Perform after operation checks and services of the command post vehicle and generator.

(Asterisks indicates a leader performance step.)

Evaluation Preparation: Setup: Ensure that the equipment is available, serviceable, and ready for use. Use the reference and evaluation guide to score the Soldier's performance. Brief Soldier: Tell the Soldier what is required IAW the

task condition and standards.

PERFORMANCE MEASURES	GO	NO-GO	N/A
1. Performed before operation checks and services of the command post vehicle and generator.			
2. Operated the command post vehicle.			
3. Performed during operation checks and services of the command post vehicle and generator.			
4. Performed after operation checks and services of the command post vehicle and generator.

Environment: Environmental protection is not just the law but the right thing to do. It is a continual process and starts with deliberate planning. Always be alert to ways to protect our environment during training and missions. In doing so, you will contribute to the sustainment of our training resources while protecting people and the environment from harmful effects. Refer to FM 3-34.5 Environmental Considerations and GTA 05-08-002 ENVIRONMENTAL-RELATED RISK ASSESSMENT. Petroleum and Collateral Ground Damage are possible.

Environmental protection is not just the law but also the right thing to do. It is a continual process and starts with deliberate planning. Always be alert to ways to protect our environment during training and missions. In doing so, you will contribute to the sustainment of our training resources while protecting people and the environment from harmful effects. Refer to FM 3-34.5 Environmental Considerations and GTA 05-08-002 ENVIRONMENTAL-RELATED RISK ASSESSMENT.

Safety: In a training environment, leaders must perform a risk assessment in accordance with FM 5-19, Composite Risk Management. Leaders will complete a DA Form 7566 COMPOSITE RISK MANAGEMENT WORKSHEET during the planning and completion of each task and sub-task by assessing mission, enemy, terrain and weather, troops and support available-time available and civil considerations, (METT-TC). Note: During MOPP training, leaders must ensure personnel are monitored for potential heat injury. Local policies and procedures must be followed during times of increased heat category in order to avoid heat related injury. Consider the MOPP work/rest cycles and water replacement guidelines IAW FM 3-11.4, NBC Protection, FM 3-11.5, CBRN Decontamination. Hearing protection and ground guides are required.
