

# Training and Evaluation Outline Report

**Status: Approved**

**16 Dec 2014**

**Effective Date: 30 Sep 2016**

**Task Number:** 71-9-7000

**Task Title:** Conduct Countering Weapons of Mass Destruction Operations in the Joint Operations Area

**Distribution Restriction:** Approved for public release; distribution is unlimited.

**Destruction Notice:** None

**Foreign Disclosure: FD1** - This training product has been reviewed by the training developers in coordination with the Fort Leavenworth foreign disclosure officer. This training product can be used to instruct international military students from all approved countries without restrictions.

## Supporting Reference(s):

Step Number	Reference ID	Reference Name	Required	Primary
	JP 3-40	Combating Weapons of Mass Destruction	Yes	Yes

**Conditions:** The command is conducting operations as a Joint Task Force (JTF) or as a Combined Joint Task Force (CJTF) headquarters. The command's headquarters receives liaison, unit, and individual augmentees. The command receives an operations order from higher headquarters. The commander issues guidance on countering weapons of mass destruction operations. The command establishes communications with subordinate and adjacent units and higher headquarters. The mission command system is operational and processing information. This task should not be trained in MOPP 4.

**Standards:** The staff integrates countering weapons of mass destruction operations into joint campaign and operation planning with the other instruments of national power in the accomplishment of strategic objectives in accordance with the commanders intent, orders from higher headquarters, and standard operating procedures.

**Live Fire Required:** No

**Objective Task Evaluation Criteria Matrix:**

Plan and Prepare		Execute						Assess	
Operational Environment	Training Environment (L/V/C)	Training/Authorized	% of Leaders Present at	% of Soldiers Present at	External Eval	% Performance Measures 'GO'	% Critical Performance Measures 'GO'	% Leader Performance Measures 'GO'	Task Assessment
BDE & Above									
Dynamic and Complex (All OE Variables and Hybrid Threat)	Night	IAW unit CATS statement.	>=85%	>=80%	Yes	>=91%	All	>=90%	<b>T</b>
			75-84%			80-90%		80-89%	<b>T-</b>
Dynamic and Complex (All OE Variables and Single Threat)	Day		65-74%	75-79%	No	65-79%	<All	<=79%	<b>P</b>
			60-64%	60-74%		51-64%			<b>P-</b>
Dynamic and Complex (<All OE Variables and Single Threat)			<=59%	<=59%	<=50%	<b>U</b>			

**Remarks:** None

**Notes:** None

**Safety Risk:** Low

**Task Statements**

**Cue:** None

**DANGER**

Composite Risk Management is the Army's primary decision-making process to identify hazards, reduce risk, and prevent both accidental and tactical loss. All soldiers have the responsibility to learn and understand the risks associated with this task.

## **WARNING**

Leaders have an inherent responsibility to conduct Composite Risk Management to ensure the safety of all Soldiers and promote mission accomplishment.

## **CAUTION**

None

## Performance Steps and Measures

**NOTE:** Assess task proficiency using the task evaluation criteria matrix.

**NOTE:** Asterisks (\*) indicate leader steps; plus signs (+) indicate critical steps.

STEP/MEASURE	GO	NO-GO	N/A
1. The staff recommends activities and associated tasks required to achieve priority objectives for countering weapons of mass destruction by:	N/A	N/A	N/A
a. Correlating countering weapons of mass destruction activities with phasing to:	N/A	N/A	N/A
(1) Control, defeat, disable, and dispose of weapons of mass destruction threats.	N/A	N/A	N/A
(2) Protect the force.	N/A	N/A	N/A
(3) Manage consequences activities.	N/A	N/A	N/A
b. Employing capabilities to respond to threats that extend beyond countering weapons of mass destruction to include:	N/A	N/A	N/A
(1) Common threat awareness.	N/A	N/A	N/A
(2) Countering weapons of mass destruction self-sufficiency.	N/A	N/A	N/A
(3) Military and civilian preparedness.	N/A	N/A	N/A
(4) Chemical, biological, radiological, and nuclear risk reduction.	N/A	N/A	N/A
2. The staff plans to employ specialized activities and tasks to counter weapons of mass destruction by:	N/A	N/A	N/A
a. Developing and maintaining a comprehensive understanding of actors and materials that affect the operational environment by:	N/A	N/A	N/A
(1) Locating, identifying, characterizing, assessing, and predicting threats against US and partner vulnerabilities.	N/A	N/A	N/A
(2) Providing deterrents to actors of concern to include threat modeling, intelligence, and analysis of materials, precursors, and agents related to weapons of mass destruction proliferation, development, or use.	N/A	N/A	N/A
b. Operating with and supporting partners to counter weapons of mass destruction by:	N/A	N/A	N/A
(1) Promoting threat awareness.	N/A	N/A	N/A
(2) Building self-sufficiency.	N/A	N/A	N/A
(3) Improving military interoperability.	N/A	N/A	N/A
(4) Enhancing military and civilian preparedness.	N/A	N/A	N/A
(5) Deterring attacks.	N/A	N/A	N/A
(6) Facilitating security of dual-use and chemical, biological, radiological, and nuclear materials.	N/A	N/A	N/A
c. Controlling, defeating, disabling, and disposing of weapons of mass destruction threats utilizing lethal and nonlethal capabilities by:	N/A	N/A	N/A
(1) Diverting, intercepting, isolating, seizing, and securing weapons of mass destruction to include technology, materials, expertise, and means of delivery.	N/A	N/A	N/A
(2) Neutralizing or destroying critical capabilities to assemble, stockpile, deliver, transfer, or employ weapons of mass destruction.	N/A	N/A	N/A
(3) Preventing development, acquisition, proliferation, or use of weapons of mass destruction through financial sanctions, legal actions, or restriction of travel.	N/A	N/A	N/A
(4) Identifying and targeting key nodes in a network, such as transportation, leadership, logistics, or financial nodes.	N/A	N/A	N/A
(5) Neutralizing chemical, biological, radiological, and nuclear agents and materials or making delivery systems unusable.	N/A	N/A	N/A
(6) Destroying weapons of mass destruction capabilities to prevent employment without being entirely rebuilt.	N/A	N/A	N/A
(7) Disabling critical and at-risk components of a weapons of mass destruction programs.	N/A	N/A	N/A
(8) Exploiting the value of intelligence gained from personnel, data, information, and materials obtained during operations.	N/A	N/A	N/A
(9) Degrading critical at-risk elements to negate the threat for a period of time.	N/A	N/A	N/A
(10) Disposing of program elements, facilities, personnel, surplus, dual-use capacity, confiscated or seized cargo, equipment, delivery systems of a weapons of mass destruction programs.	N/A	N/A	N/A
(11) Diminishing potential threats, improving the security of the remnants, reducing costs of sustaining the program elements, and eliminating excess capacity or capability.	N/A	N/A	N/A
(12) Dismantling facilities, stockpiles, or programs to reduce them to non-operational state.	N/A	N/A	N/A
(13) Repurposing dual-use facilities, expertise, and materials.	N/A	N/A	N/A
(14) Monitoring programs, personnel, and facilities to ensure that they are not producing weapons of mass destruction and that they cannot reconstitute or reuse in any illicit capacity.	N/A	N/A	N/A
d. Protecting the force and managing consequences of chemical, biological, radiological, and nuclear incidents by:	N/A	N/A	N/A
(1) Maintaining the capability to plan, prepare, respond to, and recover from chemical, biological, radiological, and nuclear incidents.	N/A	N/A	N/A
(2) Supporting other US government departments or agencies in the conduct of operations initiated to provide assistance to civil authorities.	N/A	N/A	N/A

**Environment:** Environmental protection is not just the law but the right thing to do. It is a continual process and starts with deliberate planning. Always be alert to ways to protect our environment during training and missions. In doing so, you will contribute to the sustainment of our training resources while protecting people and the environment from harmful effects. Refer to the current Environmental Considerations manual and the current GTA Environmental-related Risk Assessment card. .

**Safety:** In a training environment, leaders must perform a risk assessment in accordance with ATP 5-19, Risk Management. Leaders will complete the current Deliberate Risk Assessment Worksheet in accordance with the TRADOC Safety Officer during the planning and completion of each task and sub-task by assessing mission, enemy, terrain and weather, troops and support available-time available and civil considerations, (METT-TC). Note: During MOPP training, leaders must ensure personnel are monitored for potential heat injury. Local policies and procedures must be followed during times of increased heat category in order to avoid heat related injury. Consider the MOPP work/rest cycles and water replacement guidelines IAW FM 3-11.4, Multiservice Tactics, Techniques, and Procedures for Nuclear, Biological, and Chemical (NBC) Protection, FM 3-11.5, Multiservice Tactics, Techniques, and Procedures for Chemical, Biological, Radiological, and Nuclear Decontamination.
