

ART 2.3.5.4 Intelligence Support to Personnel Recovery

Support to personnel recovery (PR) consists of intelligence activities and capabilities focused on gathering information to recover and return U.S. personnel—whether Soldier, Army civilian, selected Department of Defense contractors, or other personnel as determined by the Secretary of Defense—who are isolated, missing, detained, or captured (IMDC) in a specific area of operation. This support also includes detailed analysis, developing detailed products, and estimates to support operations undertaken to recover IMDC personnel. (FM 3-50.1) (USACAC)
