

ART 7.3.1.2.4 Establish Protected Areas

The requirement to establish and supervise a protected or safe area can arise when any community is at risk from persistent attack. Unless those in the safe area are disarmed, it may be used as a base from which to conduct raids and attacks. Commanders must be clear on what is expected of the force tasked to establish and maintain a protected or safe area.

NO.	Scale	Measure
01	Yes/No	Unit surveyed and identified area.
