

ART 2.3.4 Conduct Surveillance

Surveillance is the systematic observation of aerospace, surface, or subsurface areas, places, persons, or things by visual, aural, electronic, photographic, or other means. (JP 3-0) Other means may include but are not limited to space-based systems, and special chemical, biological, radiological, and nuclear; artillery; engineer; special operations forces; and air defense equipment. Surveillance involves observing an area to collect information. (FM 2-0) (USAICoE)

NO.	Scale	Measure
01	Yes/No	Surveillance assets collected required information.
02	Yes/No	Identified support requirements for each surveillance asset was sufficient.
03	Yes/No	Human intelligence (HUMINT), signals intelligence (SIGINT), imagery intelligence (IMINT), measurement and signature intelligence (MASINT), technical intelligence (TECHINT), and counterintelligence (CI) assets were available for intelligence, surveillance, and reconnaissance tasking.
04	Yes/No	Unit deployed available HUMINT, SIGINT, IMINT, MASINT, TECHINT, and CI assets in a manner to maximize their capabilities.
05	Yes/No	Enemy forces detected surveillance asset.
06	Yes/No	Surveillance system or force reported all information in a timely and accurate manner.
07	Yes/No	Unit maintained continuous surveillance by using appropriate asset mix and cueing.
08	Yes/No	Unit practiced tactical patience when using HUMINT, SIGINT, IMINT, MASINT, TECHINT, and CI assets.
09	Yes/No	Information observed or gained from contact with the local population (Soldier surveillance and reconnaissance) by units conducting a surveillance mission was collected through debriefings or unit reports
10	Time	From receipt of tasking until surveillance assets are in place and operational.
11	Time	To respond to new taskings.
12	Time	To provide collected data to tasking agency analysts.

13	Time	To report information to requesting unit or agency to satisfy PIRs or information requirements .
14	Percent	Of time able to respond to collection requirements.
15	Percent	Of collection requirements fulfilled by surveillance assets.
16	Percent	Of surveillance requirements satisfied using intelligence reach.
17	Percent	Of surveillance assets mission capable.
18	Percent	Of surveillance assets becoming casualties during the mission.
19	Percent	Of assets collecting against assigned named areas of interest and target areas of interest.

Supporting Collective Tasks:

Task No.	Title	Proponent	Echelon
01-2-5017	Conduct Aerial Support for Reconnaissance and Surveillance Missions	01 - Aviation/Aviation Logistics (Collective)	Company
01-2-5190	Perform Aerial Zone Reconnaissance Missions	01 - Aviation/Aviation Logistics (Collective)	Company
01-2-5191	Perform Aerial Route Reconnaissance Missions	01 - Aviation/Aviation Logistics (Collective)	Company
01-2-7916	Conduct Continuous Unmanned Aircraft System (UAS) Missions	01 - Aviation/Aviation Logistics (Collective)	Company
01-4-7927	Conduct Unmanned Aircraft System (UAS) Surveillance Missions	01 - Aviation/Aviation Logistics (Collective)	Section
06-1-2006	Direct the Operation of Field Artillery Acquisition Assets	06 - Field Artillery	Battalion

		(Collective)	
07-5-1001	Conduct Surveillance	07 - Infantry (Collective)	Team (TOE)
34-4-0030	Emplace Unattended Ground Sensors (UGS)	34 - Combat Electronic Warfare and Intelligence (Collective)	Section
34-4-0031	Recover Unattended Ground Sensors (UGS)	34 - Combat Electronic Warfare and Intelligence (Collective)	Section
34-5-0714	Provide Support to Nonlethal Targeting	34 - Combat Electronic Warfare and Intelligence (Collective)	Team (TOE)
