

ART 2.4.3.2 Conduct Functional Damage Assessment

The staff conducts the functional damage assessment for the threat's remaining functional or operational capabilities. The assessment focuses on measurable effects. It estimates the threat's ability to reorganize or find alternative means to continue operations. The targeting working group and staff integrate analysis with external sources to determine if the commander's intent for fires has been met.
(FM 2-0)
(USAICoE)

NO.	Scale	Measure
01	Yes/No	Unit identified intelligence, surveillance, and reconnaissance assets that can acquire information for functional damage assessment.
02	Yes/No	Unit provided an initial assessment of functional damage.
03	Yes/No	Unit provided a full assessment of attacks.
04	Yes/No	Unit provided reattack recommendation.
05	Time	To identify and submit information requirements for functional damage assessment.
06	Time	To make initial assessment of functional damage after engagement.
07	Time	To provide initial assessment of functional damage to force commander.
08	Time	To complete full assessment of functional damage.
09	Time	To provide full assessment of attacks to force commander.
10	Percent	Of functional damage achieved within the commander's intent for fires.
11	Percent	Of targets correctly assessed for the commander's intent for fires.
12	Percent	Of targets unnecessarily reattacked.
