Target Audience: The ICTL contains the critical tasks that support the functional area 30 career field qualification course. Information Operations Officers or designated information operations officer, when an FA 30 is not, available must perform these tasks to be successful in a unit. These critical tasks are standardized training objectives, in the form of individual critical tasks. These critical tasks support unit missions during wartime. This ICTL applies to the Active Army, the Army National Guard of the United States, and the United States Army Reserve, unless otherwise stated. All tasks in the ICTL are in support of the information operations missions.
