

ART 5.6.1 Provide Space Force Enhancement

Provide space force enhancement to the commander, staff, and subordinate units support using space-based sensors and payloads. Space force enhancement support to the Soldier includes position navigation and timing, surveillance and reconnaissance, communication, weather and environmental monitoring, and integrated missile warning. (FM 3-14) (USASMDC)

NO.	Scale	Measure
01	Yes/No	Identified space force enhancement areas which can affect mission
02	Yes/No	Provided space force enhancement products and information to subordinate units.
03	Yes/No	Provided space force enhancement products and information to support current and future operations
04	Yes/No	Units received space planning products in sufficient time to incorporate into planning.

Supporting Collective Tasks:

Task No.	Title	Proponent	Echelon
40-4-5301	Conduct Joint Space Planning	40 - Space and Missile Defense (Collective)	Section
40-4-5302	Coordinate Space Requirements	40 - Space and Missile Defense (Collective)	Section
40-4-5303	Coordinate Space Force Enhancement	40 - Space and Missile Defense (Collective)	Section
40-4-5304	Provide Assistance to Army Space Support Teams (ARSST)	40 - Space and Missile Defense (Collective)	Section

40-5-5000	Conduct Commercial Imagery Team (CIT) Equipment Maintenance	40 - Space and Missile Defense (Collective)	Team (TOE)
40-5-5001	Set up Commercial Imagery Team (CIT) Equipment	40 - Space and Missile Defense (Collective)	Team (TOE)
