

ART 4.3 Provide Health Service Support

Health service support consists of all support and services performed, provided, and arranged by the Army Medical Department. It promotes, improves, conserves, or restores the mental and physical wellbeing of Soldiers and, as directed, other personnel. This includes casualty care, which involves all Army Medical Department functions: organic and area medical support; hospitalization; treatment aspects of dental care and behavioral health and neuropsychiatric treatment; clinical laboratory services; and treatment of chemical, biological, radiological, and nuclear patients; medical evacuation; and medical logistics.
