

### ART 6.11.3.6 Deter Signals Intelligence

Defeat or degrade threat signal intelligence collection capabilities. The intelligence staff will provide counterintelligence to the commander outlining the capabilities and limitation of threat signal intelligence services and develop TTPs to limit or eliminate these signal intelligence capabilities. (FM 2-0) (USAIC&FH)

NO.	Scale	Measure
01	Yes/No	Unit identified threat signal intelligence collection capabilities and limitations.
02	Yes/No	Unit identified friendly forces vulnerabilities to threat signal intelligence collection.
03	Yes/No	Unit developed countermeasures to deny or degrade threat's ability to collect on friendly force use of the electromagnetic spectrum.
04	Yes/No	Unit developed countermeasures to mitigate friendly force vulnerability to threat signal collection.
05	Yes/No	Threat capabilities and friendly force countermeasures were identified in sufficient time for implementation.
06	Time	To develop threat databases and templates.
07	Time	To develop counter measures.
08	Percent	Of threat signals intelligence collection capabilities correctly identified.
09	Percent	Of countermeasures that effectively denied or degraded threat's ability to collect on friendly force using signals intelligence.
