

Report Date: 25 Apr 2012

**Summary Report for Individual Task
031-627-4106
Direct Resources (Private and Governmental) at the Incident Command Level
Status: Approved**

DISTRIBUTION RESTRICTION: Approved for public release; distribution is unlimited.

DESTRUCTION NOTICE: None

Condition: As an incident commander, given a hazardous materials (HAZMAT)/weapons of mass destruction (WMD) incident and the resources required to implement the planned response. This task should not be trained in MOPP.

Standard: Direct resources (private and governmental) at the incident command level in a safe and efficient manner consistent with the capabilities of those resources IAW the National Fire Protection Association (NFPA) 472.

Special Condition: None

Special Standards: None

Special Equipment:

MOPP: Never

Task Statements

Cue: None

DANGER
None

WARNING
None

CAUTION
None

Remarks: None

Notes: None

Performance Steps

1. Consider task assignments (based on strategic and tactical options) of the resources.
2. Consider operational safety of the resources.
3. Consider the operational effectiveness of the resources.
4. Consider planning support requirements.
5. Consider logistical support requirements.
6. Consider administrative support requirements.

(Asterisks indicates a leader performance step.)

Evaluation Preparation: Setup: In a real or simulated HAZMAT/WMD incident, provide the Soldier with the items listed in the condition statement and tell the Soldier to direct resources at the incident commander level.

PERFORMANCE MEASURES	GO	NO-GO	N/A
1. Considered task assignments of the resources.			
2. Considered operational safety of the resources.			
3. Considered the operational effectiveness of the resources.			
4. Considered planning support requirements.			
5. Considered logistical support requirements.			
6. Considered administrative support requirements.

Environment: Environmental protection is not just the law but the right thing to do. It is a continual process and starts with deliberate planning. Always be alert to ways to protect our environment during training and missions. In doing so, you will contribute to the sustainment of our training resources while protecting people and the environment from harmful effects. Refer to FM 3-34.5 Environmental Considerations and GTA 05-08-002 Environmental-Related Risk Assessment.

Safety: In a training environment, leaders must perform a risk assessment in accordance with FM 5-19, Composite Risk Management. Leaders will complete a DA Form 7566 COMPOSITE RISK MANAGEMENT WORKSHEET during the planning and completion of each task and sub-task by assessing mission, enemy, terrain and weather, troops and support available-time available and civil considerations, (METT-TC). Note: During MOPP training, leaders must ensure personnel are monitored for potential heat injury. Local policies and procedures must be followed during times of increased heat category in order to avoid heat related injury. Consider the MOPP work/rest cycles and water replacement guidelines IAW FM 3-11.4, NBC Protection, FM 3-11.5, CBRN Decontamination. In a training environment, leaders must perform a risk assessment IAW FM 5-19, Composite Risk Management.
