

ART 5.1.1.4 Conduct Fires Planning

Plan, coordinate, and integrate fires capabilities and products to support the military decisionmaking process and conduct of operations. Coordinate across all staff elements to identify required fire support. Determine essential, specified, and implied fires tasks. Develop fire support input to intelligence preparation of the battlefield and other staff estimates. Provide fire support options, products that support the concept of operations development, and fire support products that support course of action analysis and statements in course of action development. Develop the fires running estimate. Coordinate for additional fire support assets to support mission requirements. Provide fire support input to event templates, synchronization matrix, decision support template, and communications and sustainment estimates. (FM 3-09) (USAFAS)
