

# Training and Evaluation Outline Report

Status: Approved

14 Sep 2005

Effective Date: 14 Feb 2020

Task Number: 12-BDE-0005

Task Title: Conduct Casualty Operations (S1)

**Distribution Restriction:** Approved for public release; distribution is unlimited.

**Destruction Notice:** None

**Foreign Disclosure: FD1** - This training product has been reviewed by the training developers in coordination with the Fort Jackson SC foreign disclosure officer. This training product can be used to instruct international military students from all approved countries without restrictions.

## Supporting Reference(s):

Step Number	Reference ID	Reference Name	Required	Primary	Source Information
	ADP 5-0	The Operations Process	Yes	No	
	AR 600-25	SALUTES, HONORS, AND VISITS OF COURTESY	Yes	No	
	AR 600-8-4	Line of Duty Policy, Procedures, and Investigations	Yes	No	
	AR 638-2	ARMY MORTUARY AFFAIRS PROGRAM	Yes	No	
	AR 638-8	ARMY CASUALTY PROGRAM	Yes	Yes	
	ATP 1-0.1	G-1/AG and S-1 Operations	Yes	No	
	DA FORM 1156	CASUALTY FEEDER REPORT	Yes	No	
	FM 1-0	Human Resources Support <a href="http://armypubs.army.mil/doctrine/DR_pubs/dr_a/pdf/fm1_0.pdf">http://armypubs.army.mil/doctrine/DR_pubs/dr_a/pdf/fm1_0.pdf</a>	Yes	No	

**Conditions:** The unit is deployed to a specified overseas theater. The operational tempo ranges from active combat to stability operations. Soldiers, Department of Defense (DoD) Civilians, contractor personnel, and coalition personnel have become injured, deceased, wounded, killed, captured, or are missing within the unit's area of responsibility. Casualty data is arriving from assigned, attached, and operational control (OPCON) units. The S1 is equipped with operational automated equipment and human resources software applications. Conventional attacks by hostile aircraft and operations by ground elements are possible. AR 600-8-1, FM 1-0, and ATP 1-0.1 are available. The unit is conducting operations in a dynamic and complex operational environment (OE) against a hybrid threat. Threat capabilities cover a unified land operations including information gathering, hostile force sympathizers, terrorist activities to include suicide bombings, and on to conventional, air supported, and reinforced squad operations in a Chemical, Biological, Radiological, Nuclear and high yield Explosives (CBRNE) environment. Some iterations of this task should be performed in MOPP 4.

**Standards:** Casualties are reported with 100 percent accuracy of available information to the supporting HR activity and higher headquarters within three hours to battalions or six hours to brigades of the incident or as the tactical situation permits. Casualty data is entered into automated HR systems and is reconciled without error. Personal effects of unit casualties are collected, inventoried, and secured within 12 hours of appointment of a summary courts-martial officer or as the tactical situation permits. Accountability for casualty's personal effects is properly transferred. AR 15-6 investigations are conducted on all hostile and non-hostile fire related deaths in accordance with (IAW) AR 600-8-1, FM 1-0, and ATP 1-0.1. At MOPP4, performance degradation factors significantly increase the time required to conduct casualty operations.

**NOTE:** Leaders are defined as: Commander, S1, and the S1 NCOIC.

**Live Fire:** No

**Objective Task Evaluation Criteria Matrix:**

Plan and Prepare		Execute					Assess		
Operational Environment	Training Environment (L/V/C)	Leaders Present at Training/Required	Present at Training/Required	External Eval	Performance Measures	Critical Performance Measures	Leader Performance Measures	Evaluator's Observed Task Proficiency Rating	Commander's Assessment
CO & BN									
Dynamic and Complex (4+ OE Variables and Hybrid Threat)	IAW unit CATS statement.	>=85%	>=80%	Yes	>=90%	All	>=90%	<b>T</b>	<b>T</b>
		75-84%			80-89%		80-89%	<b>T-</b>	<b>T-</b>
65-74%		75-79%	65-79%		<b>P</b>	<b>P</b>			
60-64%		60-74%	51-64%		<b>P-</b>	<b>P-</b>			
Static (Single Threat)		<=59%	<=59%		<=50%	<b>U</b>	<b>U</b>		
Dynamic (Single Threat)					<All	<=79%			
Day									

**Remarks:** None

**Notes:** Managing risks is the responsibility of all leaders. Regardless of where the task is conducted, field or garrison, the identification of possible hazards for personnel and equipment is essential to mission accomplishment. Risk management activities are continuous and are performed simultaneously with other operational tasks. Once identified potential hazards must be eliminated or reduced to an acceptable level. Leaders must always consider the local constraints and restrictions for their current operating area.

**Safety Risk:** Low

**Task Statements**

**Cue:** None

## **DANGER**

Leaders have an inherent responsibility to conduct Composite Risk Management to ensure the safety of all Soldiers and promote mission accomplishment.

## **WARNING**

Composite Risk Management is the Army's primary decision-making process to identify hazards, reduce risk, and prevent both accidental and tactical loss. All Soldiers have the responsibility to learn and understand the risks associated with this task.

## **CAUTION**

Identifying hazards and controlling risks across the full spectrum of Army functions, operations, and activities is the responsibility of all Soldiers.

Task Performance Summary Block										
Training Unit			ITERATION							
			1		2		3		4

**TADSS**

TADSS ID	Title	Product Type	Quantity
No TADSS specified			

**Equipment (LIN)**

LIN	Nomenclature	Qty
70209N	Computer, Personal Workstation	1

**Materiel Items (NSN)**

NSN	LIN	Title	Qty
No materiel items specified			

**Environment:** Environmental protection is not just the law but the right thing to do. It is a continual process and starts with deliberate planning. Always be alert to ways to protect our environment during training and missions. In doing so, you will contribute to the sustainment of our training resources while protecting people and the environment from harmful effects. Refer to the current Environmental Considerations manual and the current GTA Environmental-related Risk Assessment card. None

**Safety:** In a training environment, leaders must perform a risk assessment in accordance with current Risk Management Doctrine. Leaders will complete the current Deliberate Risk Assessment Worksheet in accordance with the TRADOC Safety Officer during the planning and completion of each task and sub-task by assessing mission, enemy, terrain and weather, troops and support available-time available and civil considerations, (METT-TC). Note: During MOPP training, leaders must ensure personnel are monitored for potential heat injury. Local policies and procedures must be followed during times of increased heat category in order to avoid heat related injury. Consider the MOPP work/rest cycles and water replacement guidelines IAW current CBRN doctrine. Safety in performing tasks and within the work/task environment is everyone's responsibility. Supervisors and leaders must insure a safe and healthful workplace by inspecting the area for hazards and promptly taking action as required to correct hazards. Leaders increase safety by ensuring that Soldiers and Army Civilians are trained and competent to perform their work safely, efficiently, and effectively. Counsel and take action as necessary with Soldiers or Army Civilians who fail to follow safety standards, rules and regulations, including the use of personal protective clothing and equipment, and seatbelts. Leaders should hold all personnel accountable for accidents and property damage, occurring in operations under their direct supervision and control. (See AR 385-10 THE ARMY SAFETY PROGRAM).
